

BS&M

THE BS&M Band

To have performed dozens of events from New York to Puerto Rico to France is a feat matched by only a few bands. To have performed 130 dates a year, full time for more than 12 years says a lot for this band's success. The BS&M Band have performed for presidential candidates, governors, corporate groups, anywhere that great music and a great time was the goal. Ollie North has even been on stage! One wedding planner even flew the band to San Juan, Puerto Rico to insure a flawless reception. In June of 2000, BS&M traveled to Nice, France for a wedding reception. Not too bad!

With BS&M you'll notice the big difference. Crisp harmonies, a great stage show, a packed dance floor, state of the art equipment, attention to detail, six clean cut performers with a desire to please.

Of course these guys and gal are talented, but experienced as well and it pays off. They can shift gears in an instant delivering what every event needs. There will be a song and a dance for everyone - slow dance to upbeat rock 'n roll to Motown and Top 40. Don't be surprised if you see the flower girl or ring bearer jammin' on a tambourine and cowbell! They **MUST** see everyone have a great time.

" We realized early on that a wedding is one of the biggest days in a person's life and to be a part of something that special means make it the best!" says Michelle Saud of The BS&M Band.
